

New area business offers pet owners vacation choices

Professional Animal Sitting Services, Inc., offers pet sitting and vacation house checks in Yucaipa, Redlands, Highland, Calimesa, Beaumont and Cherry Valley.

Gail Neeley, a retired San Bernardino County District Attorney senior investigator, is the owner of Professional Animal Sitting Services, Inc. There is a need in the community for a service that provided pet care and house checks when people travel.

Coupled with Neeley's law enforcement experience and her love of animals, she started Professional Animal Sitting Services, Inc, which has been a perfect fit.

Professional Animal Sitting Services, Inc. is based in the premise that pets would rather stay in their own

home when their owners travel.

"Pets have a routine and our goal is to maintain that routine. To our clients their pets are their best friends and trusted companions," Neeley said. "They want the best for their pets and we provide that."

"As an extra benefit, we bring in the newspaper and mail, water potted plants and rotate security lighting," she said.

"We give the house a lived-in look."

Professional Animal Sitting Services, Inc. is licensed, bonded and insured.

"We are members of the Yucaipa Chamber of Commerce and the National Association of Professional Pet Sitters (NAPPS)," Neeley said.
